

SET AND TIMING BREAKDOWN

Deadline: Upload to the entry site by November 8, 2021

PILOT EPISODES & SPECIALS DO NOT NEED TO FILL OUT THIS FORM

The purpose of this form is to establish that a minimum of 60% of the sets/locations in the episode(s) you are submitting are new.

You must complete this form if you are entering a production that features any sets/locations created in a previous season or by a prior team in the current season (e.g. a pilot team or after a change in the current eligible entrants).

Entrants must be identical on all of the episodes entered. An entry is considered different if ANY member of the eligible entrants on the submitted episodes changes.

Instructions:

1. The script will define what your set/location is called. Please refer to the script for the exact name.
2. List all the new sets and locations that appear in the episode(s) you have submitted. Submit a separate sheet if the list exceeds the space provided.
3. List all the existing sets and locations that appear in the episode(s) you have submitted. Submit a separate sheet if the list exceeds the space provided.
4. If multiple sets/locations share a name, e.g. EXT. STREET, identify them as individual sets/locations with a number, e.g. EXT. STREET (#1), then EXT. STREET (#2) or INT. CAR (#1) then INT. CAR (#2).
5. Please indicate if a set was "redesigned." Any "Redesigned" sets will require further explanation in the notes section at the bottom of this document.
6. Episodes must be entered in the order they aired, up to a cap of three, until the 60% rule is met. Once the "60% new" rule has been met, no additional episodes are eligible.

7. Do you meet the minimum "60% new" requirement?

These are the four key pieces of information that must be entered directly onto the submission form.

1. TOTAL RUNNING TIME OF THE EPISODE:
2. NUMBER OF NEW SETS:
3. NUMBER OF OLD SETS:
4. TOTAL RUNNING TIME OF THE NEW SETS:

These numbers should be derived from the Set and Timing Breakdown. You must meet the 60% rule with either running time or number of sets in the episode (s).

The set and timing breakdown form may be filled out and uploaded using the upload button in the Set/Timing section of your submission form.

**** This is new this year. ** You no longer must enter the set/timing data on the website. (just the four items listed above must be entered on the website.) If your post department has a form with the set/timing information, you also have the option to upload that document instead this one.**

Remember, you may meet the 60% rule with number of new sets or time aired in new sets. If you have questions about how to complete this form, please email debbie@adg.org.
