Experience and Skills:

Over the past twenty years, I've worked in just about every capacity in the Art Department; Production Designer, Art Director, Property Master, Carpenter, Leadman, Set Dresser, etc. I have been a part of hundreds of Commercials, TV Shows, Films, and Music Videos.

I have an extensive skill set including computer knowledge (SketchUp, Photoshop, Word, Excel, MeshMixer), 3D printing, rigging, fabricating, miniatures, atmospheric effects (wind, smoke, rain, snow, etc.), and lots of tabletop experience. I have good on set etiquette and work well with other departments.
