

LEAH MANN /Production Design & Art Direction

As Production Designer I've overseen the visual aspects of numerous productions ranging from features to music videos. I am adept at creating cohesive color palettes and design elements in tandem with other department heads and managing my own team to get everything executed on time and on budget. I pride myself on creating a positive work environment for my crew and colleagues- Nothing makes me happier than a collaborative and professional atmosphere that allows each person on set to thrive.

Education: Brown University, BA in Theater

- Script Breakdown
- Budgeting
- Location Scouting
- Conceptualizing and Designing sets
- Hiring/ Managing crew (prop master, set decorator, set dresser, lead man, carpenters etc...)
- Maintaining open lines of communication with other department heads and production
