PROFESSIONAL EXPERIENCE

ART DIRECTOR | FREELANCE

May 2014 - Present

With a focus on international experiences, live events, television, and more, I've had the opportunity to deliver over 80 shows to audiences large and small around the world. My comprehensive bid and construction drawings, clear communication with vendors and crew, and organized approach to budgets and preproduction, allows for smooth load-ins and shows that allow my Production Designers to focus on design.

ASST. ART DIRECTOR | CONSORTIUM STUDIOS

Feb 2013 - May 2014

Responsibilities included drafting and rendering sets and set pieces, overseeing set load-ins, managing rentals, coordinating with contractors and crew, scheduling meetings and overseeing the company calendar and presentations, booking and sourcing suppliers, trucks, and materials for multiple concurrent projects.

ART DEPARTMENT PA | MODERN FAMILY

July 2012 - Jan 2013 & Aug 2011

In season 3, I was brought in to create 3 key props. I was asked to return season 4 as a full time PA. My responsibilities included graphic design, design research, sourcing materials, producing numerous props, minor set design, and was responsible for almost all of the kid's projects seen on the show.

ART DEPT COORDINATOR | GREG ARONOWITZ

Nov - Dec 2011

I was hired to oversee 8 projects: a feature film, 2 trade shows, 3 webseries, & 2 original prop creations. I managed a staff of 6, as well as a construction crew, & oversaw purchasing, research, & budgets. I put in place an effective organization & communication system to track production & employee schedules, as well as vendor payment & payroll.

ART DEPT PA | VARIOUS

July 2010 - June 2012

-Commercials -Feature Films
-Short Films - Web Shorts & Series
