Summary

Accomplished Art Director offering years of expertise in creating impactful work in film, television, and digital media. Motivated to deliver designs that adhere to a creative vision. Focused on completing projects within budget and time limitations through expert project management. Team-player with a collaborative spirit and upbeat attitude. Adaptable with an understanding of the creative process and willingness to accommodate changing needs as the project evolves. Successful in capturing the creative intent by conducting research when determining design execution. Focused on keeping up with industry trends and production technology with an interest in continued learning.
