

TAMRA M. SCOTT
GRAPHIC DESIGNER / CREATIVE DIRECTOR

I have been a designer for nearly 30 years. In 1997, I relocated to Charleston, SC from Rochester, NY with my husband and children and opened my design studio, Einstein Design, Inc. I have helped to create and manage brands for a range of local and national clients for nearly three decades. In early 2017, I transitioned to putting my creative talents to use within the film and television industry. I love the challenge of creative problem-solving, the fast-pace work environment, and the wildly, eclectic nature of designing for film and television.
