## NOTABLE ARCHITECTURAL PROJECTS

### **New York City Film Backlot – Tyler Perry Studios (TPS)**

- Lead designer & project coordinator on the 56,000 SF NYC film backlot at TPS. Developed detailed construction drawings & 3D models to guide & coordinate architectural detailing with construction team. Assisted in daily on-site project management, collaborating with contractors & designers on all material, finish & paint selections.

### **White House Replica – Tyler Perry Studios (TPS)**

- Architectural design lead for the 26,000 SF replica White House producing detailed interior & exterior architectural drawings and models for historical accuracy. Collaborated with architect and all MEP contractors with all building code & permit documents as well as managed construction of interior detailing.

### **SCAD Film Studio Backlot – Savannah, GA**

- Played a significant role in the masterplan development of the 11-acre SCAD Film Studio Backlot, comprising of 17 new buildings across 11 distinct neighborhoods. Led the design team from initial architectural concept to detailed architectural drawings & specifications for construction.
