THE DARK KNIGHT RISES

The Dark Knight Rises is the conclusion to filmmaker Christopher Nolan's Dark Knight trilogy. It has been eight years since Batman (Christian Bale) vanished into the night, turning, in that instant, from hero to fugitive. Assuming the blame for the death of D.A. Harvey Dent, the Dark Knight sacrificed everything for what he and Commissioner Gordon (Gary Oldman) both hoped was the greater good. For a time the lie worked, as criminal activity in Gotham City was crushed under the weight of the anti-crime Dent Act. But everything will change with the arrival of a cunning cat burglar (Anne Hathaway) with a mysterious agenda. Far more dangerous, however, is the emergence of Bane (Tom Hardy), a masked terrorist whose ruthless plans for Gotham drive Bruce out of his self-imposed exile. But even if he dons the cape and cowl again, Batman may be no match for Bane.

ARGO

Based on true events, *Argo* chronicles the life-or-death covert operation to rescue six Americans, which unfolded behind the scenes of the Iran hostage crisis – the truth of which was unknown by the public for decades. On November 4, 1979, as the Iranian revolution reaches its boiling point, militants storm the U.S. embassy in Tehran, taking 52 Americans hostage. But, in the midst of the chaos, six Americans manage to slip away and find refuge in the home of the Canadian ambassador. Knowing it is only a matter of time before the six are found out and likely killed, a CIA “exfiltration” specialist named Tony Mendez (Ben Affleck) comes up with a risky plan to get them safely out of the country.

THE HOBBIT: AN UNEXPECTED JOURNEY

The adventure follows the journey of title character Bilbo Baggins, who is swept into a quest to reclaim the lost Dwarf Kingdom of Erebor from the fearsome dragon Smaug. Approached out of the blue by the wizard Gandalf the Grey, Bilbo finds himself joining a company of thirteen dwarves led by the legendary warrior, Thorin Oakenshield. Their journey will take them into the Wild; through treacherous lands swarming with Goblins and Orcs, deadly Wargs and Sorcerers. Although their goal lies to the East and the wastelands of the Lonely Mountain, first they must escape the goblin tunnels, where Bilbo meets the creature that will change his life forever... Gollum. Here, alone with Gollum, on the shores of an underground lake, the unassuming Bilbo Baggins not only discovers depths of ingenuity and courage that surprise even him, he also gains possession of Gollum's "precious" ring that holds unexpected and useful qualities... A simple, gold ring that is tied to the fate of all Middle-earth in ways Bilbo cannot begin to know.
