

HONEST THIEF

*We shot this film in Worcester, MA in what felt like the coldest winter in history.
Before directing Honest Thief, director Mark Williams created Ozark.*

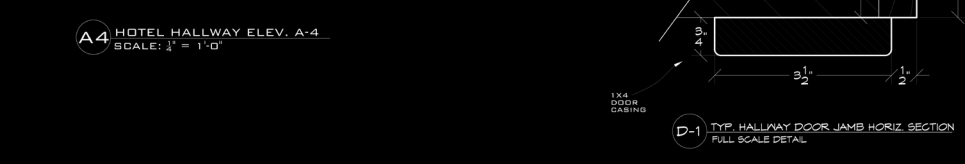

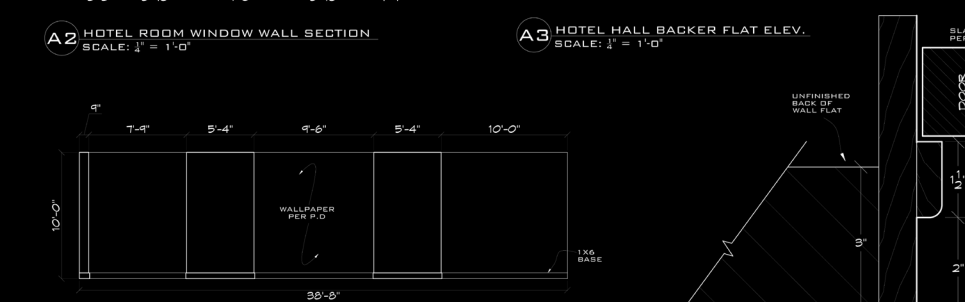

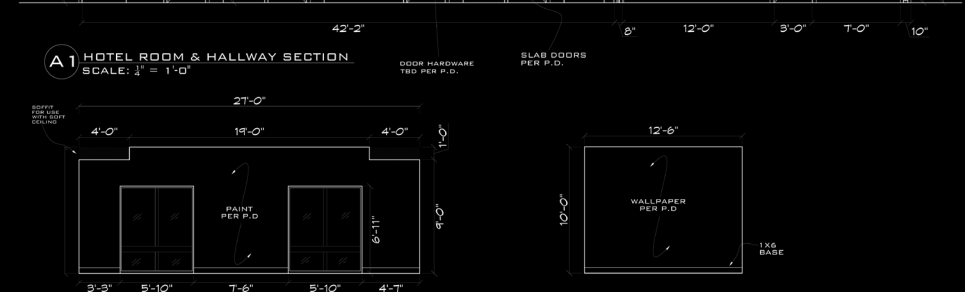

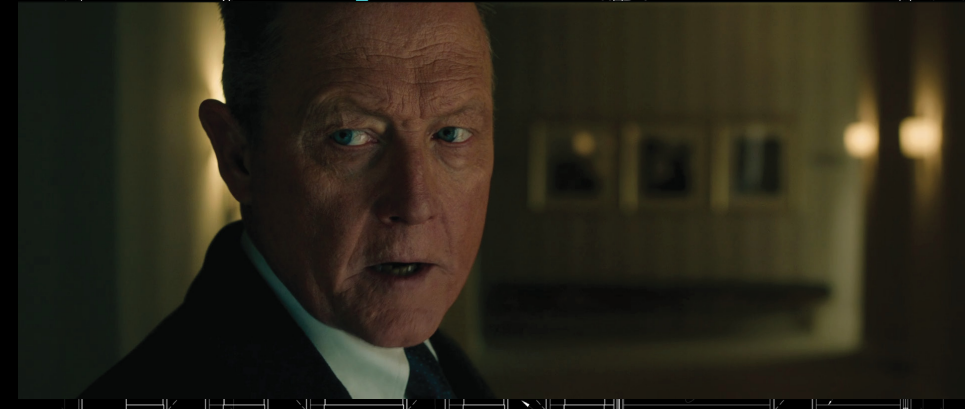

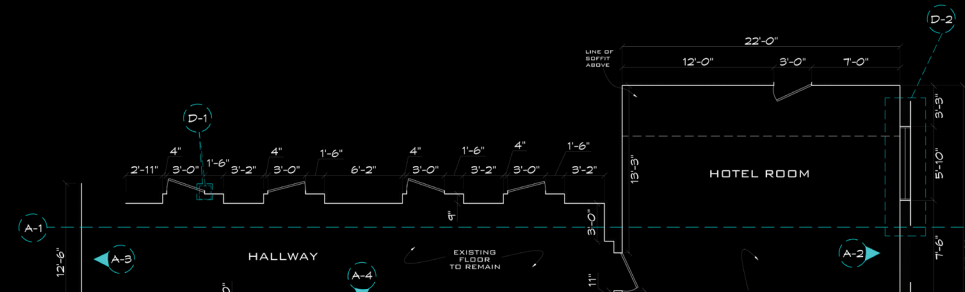

Huge thank you to my awesome crew.

An aerial photograph showing a major multi-car pileup on a multi-lane highway. A large crowd of people is gathered on the shoulder and in the lanes, looking at the wreckage. Several vehicles are involved, including a red car, a white car, a blue car, and a dark car. A large crowd of people is gathered around the wreckage, and a fire truck is visible in the lower right corner. The scene is chaotic, with cars and debris scattered across the road.
