AMÉLIE MOMENT SCENE 1.10

- PROPOSED PUPPETEER
PLACEMENT
- PUPPETEERS IN GREEN
OR BLUE BODY SUITS

ELEVATION

The theory is that the
puppeteers are masked
by the tent. We may
need additional bits of
colored fabric to help
mask the access hole

Plan View

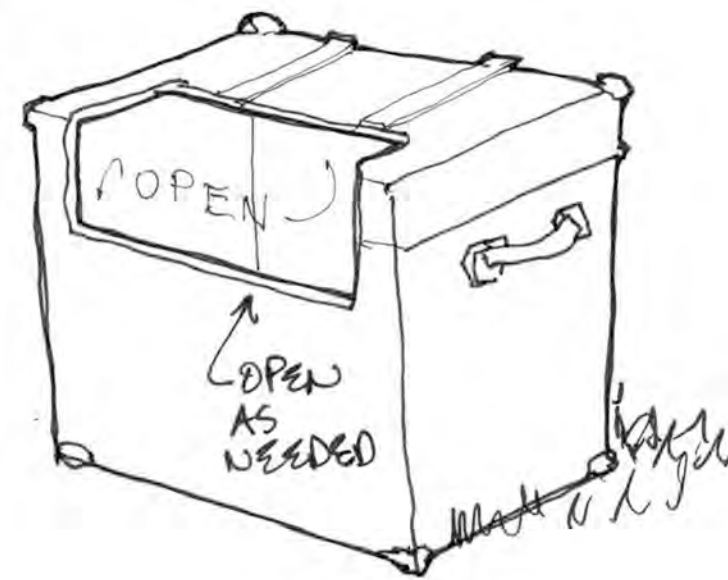

Elevation

To give an idea of scale, the top
of the tent is at 8'-0" where it
ties off to the collar under the light.
Th tent fabric is 9' x 16' and the
carpet is an oval at 9' x 6'.

- ALL FOR TRUNKS
MIGHT BE BRIGHT PLASTIC
COOLERS

The steamer trunk/toy box
giant Yeti cooler is cutaway
on the back and part of the
top to allow the crouching
puppeteer to reach in.

Puppeteer is behind the
tent crouched and manipulating
the stuffed animals
