**Urban Poor,
Rural Forgotten**

“necessary and groundbreaking...”
— *New York Times*

“... is a gripping and unflinching look at the deep economic and social divides shaping the nation. Written from the perspective of those living through it, this exposé delves into the realities of factory closures, wage stagnation, and the growing alienation of the working class—both in the crowded, struggling cities and the forgotten, desolate rural towns. Through the stories of laborers, activists, and families fighting to survive, this book sheds light on the systemic inequalities that define the American experience, exposing the forces that keep the working class trapped in cycles of poverty and disenfranchisement.”
— *Publisher's Weekly*

SILENT COUP

HOW DEEP THROAT BROUGHT DOWN A PRESIDENT

**JACOB SILAS FORMAN
AND SEGAN FRIEND**

AUTHORS OF THE GRASSY KNOLL PAPERS

THE REAL STORY BEHIND WATERGATE

Forget what you think you know about Watergate—this book peels back the layers of deception and exposes the true power struggles at play. It presents a compelling case that Nixon wasn't just undone by journalists but by a hidden hand operating in the shadows. I couldn't put it down!

— Lisa M., Investigative Journalist

— CHILLING AND PROVOCATIVE

A fascinating dive into one of the most infamous political scandals in U.S. history. While some claims may be controversial, the level of research and analysis is impressive. Whether you believe every conclusion or not, "Silent Coup" will make you rethink everything you thought you knew about Watergate.

— Mark T., History Professor

— COMPELLING BUT HEAVY ON SPECULATION

There's no doubt this book is a page-turner, but some of its conclusions rely too much on circumstantial evidence. That said, if you love political intrigue and alternative takes on history, you'll find it fascinating.

— Deborah K., Author

— A BOMBHELL REVELATION!

This book is the history lesson they don't teach you in school. "Silent Coup" meticulously unravels how a secretive insider orchestrated the fall of a presidency, challenging everything we thought we knew about Deep Throat. Bold, fearless, and utterly compelling!

— Tom W., Former Intelligence Analyst
