

LAS AZULES

SEASON 2

ART DEPARTMENT BREAKDOWN

BY CARLOS LAGUNAS

Set in 1970s Mexico City, Women in Blue follows a group of pioneering female police officers determined to challenge the prejudices and corruption of a male-dominated institution.

In its second season, the women continue their fight for justice as they navigate increasingly dangerous investigations, institutional resistance, and personal conflicts. As new mysteries unfold, their courage, loyalty, and determination are put to the test, revealing the complexities of a society struggling with inequality, power, and change.
